# **pe'vll Supaw'jaj! / Welcome!**

Welcome to Sepqep wa'Dlch, the galaxy's first and only gathering for speakers of Klingon regional dialects. We are honored that you have been able to join us for this historic event. This booklet is your guide to Sepqep and also provides some basic information geared towards beginners about the various dialects you may encounter today.

Until recently, most contact between the Federation and the Klingon empire has been through official government channels, and few in the Federation have had experience with dialects other than the Standard Imperial Dialect of Klingon, and even then, usually with the aid of a Universal Translator. As relations between the Federation and the Klingon Empire continue to improve, many in the Federation have begun interacting with individuals from more remote parts of the Empire, speaking a wide variety of Klingon dialects.

While the primary dialect you are likely to encounter during Sepqep is the Morskan dialect, from the remote planet Morska, you may also hear people speaking other common regional dialects such as Qotmagh and Sa'Qej. The observant student of the Standard Imperial Dialect may notice that Sa'Qej is substantially similar, differing only in some minor grammatical points.

Whatever your level of familiarity with the Klingon language, regardless of dialect, we sincerely hope you will enjoy the activities we have prepared for you today. Do not hesitate to bring any questions you may have about any aspect of this event or about Klingon to event staff!

# **Daq HaD ngoch / Safe Space Policy**

Sepqep is a public event and attendance is open to all, free of charge. We want to create an event that all attendees can enjoy and where they can feel welcome, without fear of discrimination or harrasment. To that end, any behavior or speech that harrasses or which is intolerant towards others, on the basis of any personal characteristic, including, but not limited to, gender, race, sexual orientation, age, appearance, culture, religion, physical or mental ability, etc. is expressly prohibited.

If any Sepqep attendee makes you feel uncomfortable or unsafe through their actions or words, please raise your concern with Sepqep staff immediately. Attendees who disregard the safe space policy will be asked to immediately discontinue any non-compliant behavior or speech, and will be removed from the event if they continue to disregard the safe space policy after receiving a verbal warning.

If you wish to report problematic behavior or speech anonymously, send an e-mail to [Sepqep@Sepqep.org](mailto:Sepqep@Sepqep.org) describing what has made you feel uncomfortable or unsafe. Event organizers will check this e-mail address on occasion during the event.

## **mu' chu'/New Words**

Marc Okrand, a dear friend of Maltz and the world's foremost expert on the Klingon language, has been gracious enough to reveal to us a few new words for this year's Sepqep. We would like to thank him for taking time out of his busy schedule in order to help us better understand the fastest growing language in the galaxy. And Maltz, we thank you.
